

Biography

« MELAYE NATURAL ART » are three picked-up words to sum up a long journey. « Stick repairer » as a child once said.

Christian MELAYE was born in Alsace in 1951 and still lives there. For 30 years, he worked in the advertising industry, and suddenly comes this radical change; at 50 years old, he becomes a lumberjack artist.

The call of nature is too powerful. How can you translate this beauty ? There is only one way, ART.

« My workshop is huge, just as wide as the generosity of nature. Nature suffers, drifts, adapts itself, there lies my territory, and also my pleasure and freedom. »
